Principal's Message

The best teachers teach from the heart, not from the book. ~Author Unknown

All of our staff is very proud of the accomplishments of our students during the 2008-09 school year. During this time we have concentrated on making the Six Pillars of Bracco:

RESPECT, RESPONIBILITY, COURAGE, DIGNITY, COURAGE AND CITIZENSHIP become part of our everyday decision making at school. Our goal is always to have every student become the best that they can be during their junior high school years: Bruins Being the Best!

Reading comprehension continued to be a focus for every subject and every class. Research clearly states that vocabulary is a determiner of school success. The average grade 7 junior high school student should have a 25 000 word vocabulary to be successful. Reading is one of the ways to expand their personal vocabulary.

Our staff knows that interesting and engaging learning environments are essential for students. Throughout the year we were able to purchase SmartBoards for all classrooms. In addition, our school provided on-time information for students and parents through SchoolZone.

Some of the high lights of our year included Grade 7 Camp, Fine Arts Evenings, Pennies for Patients, the Jasper Trip and the Celebration Evening for grade nine students. All events were occasions where students were appreciated and recognized. As the grade nine class continues their learning in high school, we wish them the best and look forward to hearing of their successes.

Looking forward to working with the students returning for grade eight and nine!
